Dear Union Member,

Unions built the middle class and now we're fighting to save it. Now more than ever, too many families are losing health care, seeing their pensions disappear or losing their homes to foreclosure. They are also seeing an all out attack on our fairly negotiated contracts. Our unemployment rate has skyrocketed and our working families are struggling to make ends meet on a day to day basis.

The future of the middle class is at stake in this election. We must continue to elect "Labor Warriors" who will fight for us at every level of our government. We have very important federal, state and county races throughout Napa and Solano Counties.

Your union leadership spent a great deal of time interviewing almost 30 candidates for various offices and working with the leaders of the other unions in Napa and Solano counties have come to consensus on endorsements in the various races. We are confident that these candidates share the same vision and will stand up and fight for us on issues that affect every working family in our area. We are also helping to fight against Measure A which is critical for employees in the City of Vallejo. **Vote No on Measure A.**

We still cannot get these people elected without YOUR help! Please take this list of endorsed candidates in to the polls and help us stand together with the other 49,000 union members in Napa and Solano counties to help get our "worker friendly" candidates elected on Tuesday, June 8th.

Also, please visit the Central Labor Council's website at www.napasolanoclc.org to view the election calendar of scheduled phone banking and precinct walks. If you can volunteer to help any of our endorsed candidates it would go a long way toward our success in June.

In Solidarity,

Lou Franchimon

Business Manager
